INSTRUCTIONS FOR APPROVAL TO DISCHARGE TO ARWA WASTEWATER SYSTEM

1. Developer contacts municipality where proposed land development is to occur.
2. Municipality provides developer with an application package, which among other things includes the ARWA Application For Approval to Discharge to ARWA Wastewater System.
3. Developer submits Planning Module to ARWA to certify capacity, or as applicable, the planning exemption form.
4. Municipality administers local developer review process.
5. Developer completes ARWA Application For Permit to Connect to ARWA Wastewater System and returns completed application along with the ARWA tapping fee payment and all supporting documentation to the ARWA for review. Supporting documentation should include the calculation of the tapping fee and the basis for the wastewater flow projection. The check or money order for the ARWA tapping fee should be made payable to "Abington Regional Wastewater Authority".
6. ARWA will establish a permit number and issue a permit to the applicant and provide a copy of the permit to the municipality.
7. Tapping fees paid to ARWA are only for treatment capacity in the ARWA wastewater conveyance and treatment facilities. Additional municipal tapping fees may apply.
8. Municipal sewer connection permits may not be issued until ARWA issues its Permit to Connect to ARWA Wastewater System. This applies to all developer projects at any stage of development as of the effective date of the ARWA Tapping Fee Resolution.
